CIRCULAR

No. EA4/6204/2012/HRD

August 10, 2012

 Sub: IHRD - Automation of Accounts - Implementation of Tally.ERP9 Software – Finalising Account Heads – remarks - reg.
 Ref: circular even no. dt. July 5, 2012 of Director, IHRD.

As per the reference cited above, a Circular was issued to verify the List of Ledger heads prepared to report missing account heads in the list. Only one third of the associated institutions has reported as per the instruction and forwarded valuable suggestions.

Now the above list is modified and finalized with the suggestions received from associated Institutions and being forwarded to the tally expert for creating template for Associate Institutions. The final version of list of accounts forwarded to the tally expert is attached for your verification. Once a template is prepared and distributed to associated institutions along with the Tally license, it will be a difficult procedure to incorporate any change in account heads in the associated institutions. A revised format for monthly Receipt & Expenditure statement suitable for implementation using Tally is also prepared and is attached for your information and valuable suggestion.

All head of Institutions/Accountants are requested to verify the list of account heads attached and inform any last minute modification required. Your remarks/suggestions may be forwarded to mail id : <u>ihrd.tally@gmail.com</u> before 15-08-2012. (No. hard copy is required.)

Copy to: 1) All head of Institutions concerned.

2) Finance Officer
3) Administrative Officer
4) CA to Director
5) SF
6) OC

Sd/-Special Officer(IT)

Remarks on the list of Account heads attached.

The following points brought to your attention regarding the List of Account heads.

- 1. The List of Account heads are common for all Associated Institutions of IHRD. So not all account heads in the list is required for any single Institution.
- 2. Even though only one bank account is given in the list, associate institutions can create additional bank account entry, if more than one account is already in use.
- 3. Standard account heads already available as built-in the Tally.ERP9 software like cash account, suspense account etc. are not included in the list.
- 4. A sub-group is mentioned to group account heads of similar nature under the Main Accounting group. So it will be easy to define and prepare a sub-group total in the statement.
- 5. Projects (Including funded projects) will be implemented in the Tally Software using the "Cost Centre" option. So receipt & expenditure heads required shall be debited/credited to these cost centers to get a balance statement under these projects. So the account heads which was included in the previous list and proposed to implement as Cost Centre option is not included in this list.

Please forward your remarks to mail id : <u>ihrd.tally@gmail.com</u> only.
